Even the Best Players

ICTworks

A Great Success: *CENSORED* has a 70% failure rate with ICT4D projects to increase universal access

7 Reasons of Failure

- Poor Communication
- Can't Define the Goal
- Poor Planning
- Improper Technology
- Little Testing
- Weak Management
- Trying to Save Money

<http://www.base36.com/2012/11/7-reasons-it-projects-fail/>

Why Cadastral is Special

- Legal, Public, Political etc. implications,
- Interdisciplinary Skills Involved,
- Specific Technology Requirements,
- Relative Complexity, and still...

Tech is the Easy Part

We, The Specialists

Insider View

Working So Heavily On
Mastering Our Tools

Focused On
Professional
Development

Remote Sensing...

Outsider View

So Addicted To Their
Darn Expensive Toys

Oblivious Of
Real World Problems

Modern Voodoo...

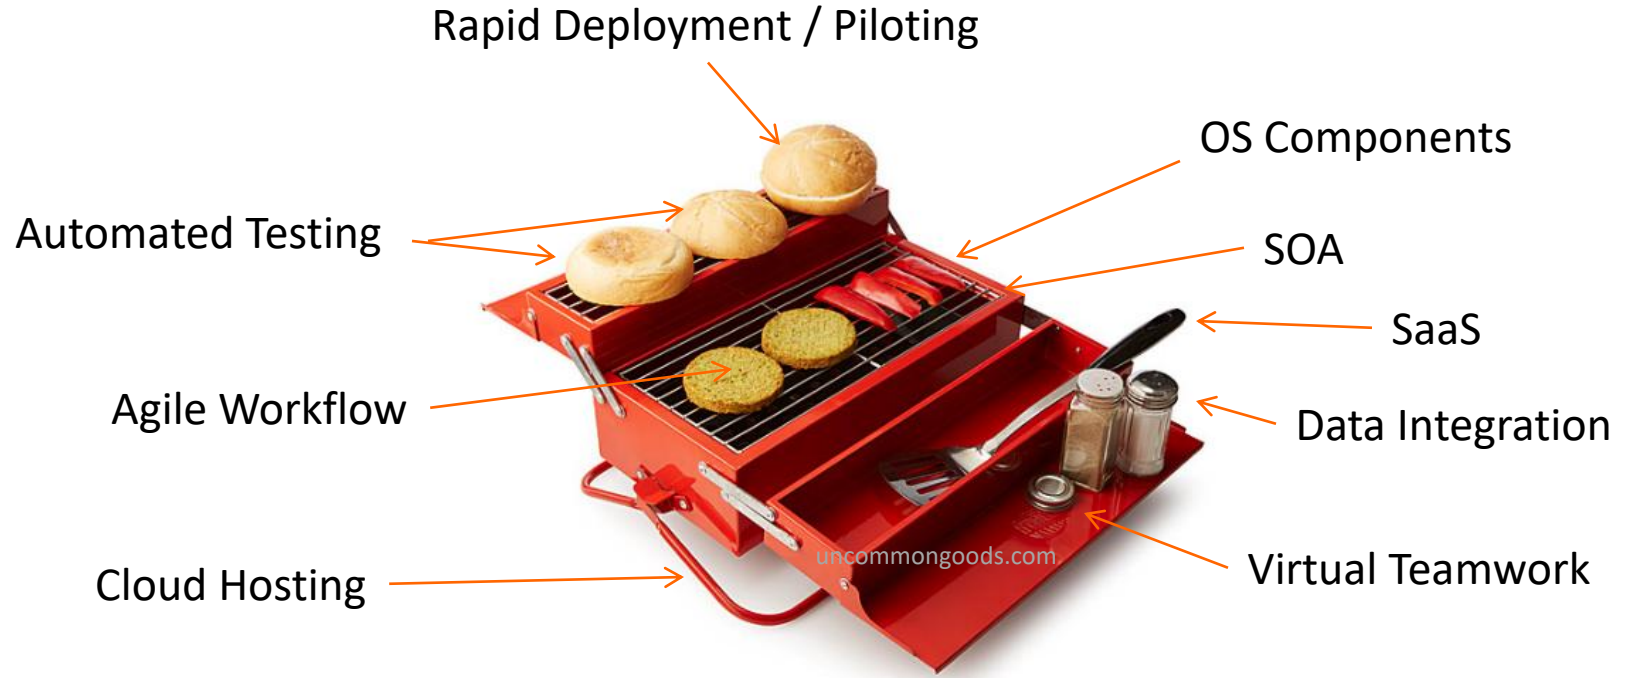

A Revelation

- Top Level Commitment
- DSIRT*
- Risk Management

** Demonstrated Success In Reasonable Time*

A Toolbox
